

Dr. Ursina B. Meier

Existence and Causes of Insurance Cycles in Different Countries

Four Empirical Contributions

Haupt Verlag
Bern • Stuttgart • Wien

Table of Contents

Table of Contents.....	vii
1 Overview on the topic and introduction into the thesis chapters.....	1
1.1 Introduction.....	1
1.2 Loss ratios in the five countries studied in this dissertation.....	4
1.3 Data and methodology / Econometric issues.....	7
1.4 Contribution of the four articles in this dissertation.....	9
1.5 Current phase of the cycle.....	13
1.6 Outlook on the future of the industry.....	13
1.7 Possible further research.....	15
1.8 References.....	17
1.9 Appendix: Remarks on the new solvency regulation in Switzerland.....	19
2 Multi-National Underwriting Cycles in Property-Liability Insurance.....	21
2.1 Introduction.....	23
2.2 Definition of the Price Variable.....	26
2.3 Data.....	27
2.4 Tests for Cycles by Applying Spectral Analysis.....	29
2.5 The Cummins and Outreville Model.....	30
2.5.1 The Theoretical Model.....	31
2.5.2 Calculation of the Period of Cycles.....	32
2.6 Empirical Estimation of the Model.....	33
2.7 Extensions of the Model.....	36
2.8 Cointegration model for insurance cycles.....	38
2.9 Empirical Results of the Cointegration Analysis.....	40
2.10 Results of the Unconstrained Estimations of the Extended Model.....	41
2.11 Comparison of the Results of the Model Extensions.....	43
2.12 Summary and Concluding Remarks.....	44
2.13 References.....	47
2.14 Appendices.....	52
2.15 Tables.....	57
3 Analysis of Multi-National Underwriting Cycles in Property-Liability Insurance.....	65
3.1 Introduction.....	67
3.2 Background information on the environment for the insurance markets.....	69
3.3 Description of the Data.....	75
3.4 Four Hypotheses on the loss ratios and interest rates.....	78
3.5 Results: Empirical Tests of the Hypotheses.....	81
3.6 Discussion of the results of the hypotheses tests.....	86

3.7	Further Analysis.....	87
3.8	Conclusions.....	89
3.9	References.....	91
4	Business Cycles in Insurance and Reinsurance: The Case of France, Germany and Switzerland.....	95
4.1	Introduction.....	97
4.2	Review of the literature on causes of the underwriting cycle.....	98
4.3	The Price of Reinsurance.....	101
4.4	The Insurance Cycle in France, Germany and Switzerland.....	104
4.5	Relationship Between the Insurance Cycle and the Reinsurance Price Index.....	108
4.6	Summary and Concluding Remarks.....	112
4.7	References.....	117
5	The Underwriting Cycle and the Price of Reinsurance: Is there a relationship in the US?.....	121
5.1	Introduction.....	123
5.2	Review of the hypotheses explaining the cyclical behavior of underwriting results.....	125
5.2.1	Disequilibrium between supply and demand.....	125
5.2.2	External shocks.....	125
5.2.3	General business influences.....	126
5.2.4	A theory of cycles and reinsurance.....	126
5.3	Data and methodology.....	127
5.4	The Reinsurance Price Index and the Money Market Rate.....	131
5.5	How do Reinsurance and Money Market Rate Influence the Primary Insurance Market?.....	134
5.6	Autoregressive processes of first order.....	139
5.7	Vector-autoregressive (VAR) processes.....	141
5.8	Causality between the loss and the reinsurance price index.....	143
5.9	Summary and Concluding Remarks.....	144
5.10	References.....	145
5.11	Appendix: Unit Root Tests.....	148
6	Summary and Concluding Remarks.....	151
6.1	References.....	157
