

HUMAN INTERACTION

An Introduction to Sociology

GLENN M. VERNON

University of Maine

THE RONALD PRESS COMPANY • NEW YORK

Contents

I. INTRODUCTION

- 1 Sociology Defined 3
Definition of Sociology. Sociology Compared to Other Disciplines. Pure and Applied Science. Sociology and Common Experience. All Sociologists Are Not Equally Scientific. Sociology Is a New Area of Study. Sociology Is a Difficult Science. Source Material. Values of Studying Sociology.

II. THE SOCIOLOGICAL APPROACH

- 2 The Norms of Science 19
Introduction. Science Is Method—Not Content. Scientific Method Requires Reliance Upon Empirical Phenomena to Test an Hypothesis. Scientific Method Involves Being Objective. Verification. Definitions of Terms. Prediction. Value Definitions. Exactness. Correlation. Cause. Reason and Logic. Sample Data. Theory and Research. Truth, as the Scientist Sees It. Resistance to Scientific Truths. Types of Research. Is Sociology a Science?
- 3 The Symbolic Nature of Human Interaction 38
Symbols and Referents. Consensus and Communication. Types of Referents. Plans of Action. Stimulus-Response Pattern. Do We Label and Then See, or See and Then Label? Emergent Nature of Human Behavior. Subjective Reality and Objective Reality. Symbolic Environment of Man. Symbols and Internal Phenomena—"Getting Inside of the Individual." Symbols and Lower Animals. Interactionism.
- 4 The Social Nature of Human Behavior 57
Introduction. Some Possible Perspectives. Interactionism—The Social Aspects of Human Behavior. Reductionism. Interactionism and Reductionism—Some Further Comparisons. Supernatural Variables.

5	Biological Foundations of Human Interaction Introduction. Biological Inheritance. Biology and Social Behavior. Biological Determinism. Needs. Isolated and Feral Children. Uni- versal Behavior Patterns and Biology. Our Perspective.	72
III. CULTURAL DEFINITIONS		
6	Culture Characteristics of Culture. Culture and Culture Objects. Subcul- tures and Personality. Culture, Society, and Interaction. Culture and Social Order. Universals and Variability. Lower Animals and Culture. Culture and Biology. Culture and Geography. Culture and the Prediction of Human Behavior.	85
7	Value Definitions Value Definitions and Science. Origin of Value Definitions. Preju- dice. Ethnocentrism.	98
8	Norm Definitions Folkways and Mores Defined. Folkways, Mores, and Laws—Formal and Informal Definitions. Relationships of Folkways, Mores, and Laws. Justification of Norm Definitions. Positive and Negative Norm Definitions. Specificity. Norm Definitions and Social Order. Enforcement of Norm Definitions—Sanctions.	112
9	Role Definitions Ascribed and Achieved Positions. Formal and Informal Role Defini- tions. Types of Behavior Covered by Plans of Action. Roles and Counter-Roles. Role Definitions as a Part of Culture. Role Dimen- sions. Role Definitions, Social Order, and Predictability. Role Defi- nitions and Personal (Individual) Order. Role Conflict or Dissonance.	124
10	Self Definitions Introduction. Definition of Terms. Self Definitions and Role Defini- tions. Self Definitions and Personality. Self Definitions and Posses- sions. Origin of Self Definitions. Importance of a Name. Religion and Self Conceptions. Self-Defense. The Real Self.	135
11	Definitions of the Situation Selective Perception and Synthesis. Value Definitions. Norm-Role Definitions. Self Definitions.	152
IV. THE INTERACTION PROCESS		
12	Socialization Introduction. Function of Socialization. What Is Learned—Culture and Interaction Patterns. Socialization Involves Re-Integration of	167

Past Experiences. Socialization Involves Interaction. Early Stages in-the Socialization Process. Conscious and Unconscious Socialization. Society, Subgroups, and Individuals. Technics of Socialization.

- | | | |
|----|--|-----|
| 13 | <p>Role Playing and Role Taking</p> <p>A Social Phenomenon. Role Playing Is a Dynamic, Emergent Process. Social and Personal Order. Role Conflict. Unstructured or Marginal Situations. Role Taking (Role Interpretation). Complexity of Behavior Involved. Role Taking Involved in Role Playing. Role Playing Involved in Role Taking. Other Factors Related to Effectiveness of Role Taking. Measuring Role Interpretation Skills. Playing at a Role.</p> | 179 |
| 14 | <p>Collective or Unstructured Behavior</p> <p>Introduction. Role Taking—Reaching Decisions. Crowd Behavior—Unstructured Interaction. Value Definitions. Norm-Role Definitions. Self Definition. Socialization.</p> | 193 |
| 15 | <p>Motivation</p> <p>Value Definitions. Norm-Role Definitions. Self Definitions. Socialization. Role Playing and Role Taking. Collective Behavior.</p> | 212 |
| 16 | <p>Stratification</p> <p>Introduction. Caste System. Class System. Class-Caste Identification. Estate System. Value Definitions. Norm and Role Definitions. Self Definitions (Class and Caste Consciousness). Socialization. Role Playing and Role Taking. American Stratification—An Overview. Social Mobility. Classless Ideology.</p> | 226 |
| 17 | <p>Primary-Secondary Interaction</p> <p>Introduction. Primary Relationships. Value Definitions. Norm-Role Definitions. Self Definitions. Secondary Relationships. Development of Primary Relationships. Sacred and Secular Societies. Primary Relationships Within Larger Secondary Groups. Unique, Other-World-Oriented Primary Relationships. Measurement of Primary-Secondary Relationships.</p> | 249 |
| 18 | <p>Racial and Ethnic Interaction</p> <p>Introduction. Racial Groups. Value Definitions. Norm-Role Definitions. Self Definitions. Socialization. Role Playing and Role Taking. Change. Primary-Secondary Relationships.</p> | 262 |
| 19 | <p>Societal Systems</p> <p>Introduction. Systems. Functional Requisites of Society. Function or Influence of System Components or Subunits. Societal Systems. Multigroup Society-Multigroup Memberships. Institutions. Personality or Individual Behavior.</p> | 278 |

V. DEMOGRAPHIC AND ECOLOGICAL FOUNDATIONS OF INTERACTION

- 20 Population and Ecology 295
 Introduction. Birth Rate. Death Rate. Life Expectancy and Life Span. Population Size. Sex Ratio. Racial Composition. Ecology.

VI. SYSTEMS

- 21 Peers 313
 Introduction. Value Definitions. Norm-Role Definitions. Self Definitions. Socialization. Role Playing and Role Taking. Social Change. Stratification. Primary-Secondary Interaction.
- 21** Family 327
 Introduction. Value Definitions. Norm-Role Definitions. Self Definitions. Socialization. Role Playing and Role Taking. Social Change. Stratification. Primary-Secondary Interaction. Ethnic Minority.
- 23 Bureaucracy 344
 Introduction. Value Definitions. Norm-Role Definitions. Self Definitions. Role Playing and Role Taking. Socialization. Creativity and Change. Stratification. Primary-Secondary Relationships.
- 24 Religion 358
 Introduction. Value Definitions. Norm-Role Definitions. Self Definitions. Socialization. Role Playing and Role Taking. Creativity and Change. Stratification. Primary-Secondary Interaction. Ethnic Minority Interaction. Collective Behavior.

VII. SOCIAL CHANGE

- 25 Creativity and Change 377
 Introduction. Types of Creativity. Individual and Group Creativity. Socio-Cultural Base. Uneven Rates of Change—Culture Lag. Value Definitions. Norm-Role Definitions. Self Definitions. Planned and Unplanned Change.
