Introduction 1

About This Book	2
Conventions Used in This Book.....	3
Foolish Assumptions	3
How This Book Is Organized	4
Part I: Understanding the Basics of a Facebook Application	4
Part II: Integrating with the Facebook.com Environment	4
Part III: From Fishers to Farmers — Building Facebook on Your Own Site	4
Part IV: Delving into APIs	5
Part V: Turning Your Facebook Application into a Legitimate Business	5
Part VI: The Part of Tens	5
Icons Used in This Book	5
Where to Go from Here	6

Part 1: Understanding the Basics of a Facebook Application..... 7

Chapter 1: Getting Acquainted with Facebook Application Development 9

What's a Facebook Application?.....	9
Understanding the Facebook Application Development Process	10
Picking a Platform That Works Right for You	12
Fishing where the fish are.....	12
From fishers to farmers.....	16
Releasing your application to the building block Web.....	18
Understanding How Your Application Will Access Facebook	19
The Facebook.com environment	19
Accessing Facebook from your own Web site	20
Selecting a Development Language.....	21
The Facebook JavaScript SDK.....	21
The Facebook PHP and Python SDKs.....	22
The iPhone and Android SDKs	22
Other “nonofficial” SDKs	22
Referring to the Facebook Documentation	23
Perusing Developers.facebook.com for information.....	23
The Facebook documentation Web site	24
OpenGraphProtocol.org.....	26
GitHub	27

Chapter 2: Building Your First Application 29

Understanding the Development Process	29
Setting Up Your Hosting Environment	31
Understanding index.html	33
What about my domain?	33
Using existing content or servers	34
Getting the Facebook Developer Application Ready to Go	34
Installing the tools you need	37
Looking around the Developer app	38
Creating Your Own Application in Five Minutes	40
Minute 1: Set up your application	40
Minutes 2–4: Write your application	43
Minute 5: View and test your application	46

Chapter 3: Delving Deeper — Understanding Your Application and Navigating the Application Setup Process 49

When to Use JavaScript and When to Use the Server to Access Facebook Platform	49
Using JavaScript: Deciding whether to use XFBML or pure JavaScript to access Facebook Platform	51
Using the server: Accessing Facebook's API from your server in an iFrame environment	54
Understanding the Application Setup Process	55
About	56
Web site	58
Facebook Integration	59
Mobile and Devices	61
Credits	62
Advanced	64
Migrations	66

Part II: Integrating with the Facebook.com Environment 67**Chapter 4: Targeting Integration Points 69**

Giving Your Application a Home on Facebook with the Canvas Page	70
Authorizing users to access more functionality	70
Using a Canvas Page to promote a third-party Web site	73
Sharing with New Visitors Via Tabs (or Custom Links)	75
Creating your first tab	76
Understanding the limitations of tabs	78
Giving Your Application Prominence through the Add Bookmark Button	79
Keeping Your Users Updated through Counter Notifications	80
Sharing Your Application through the News Feed	82
Inviting Your Users' Friends through Requests	86

Obtaining Your Users' E-Mail Addresses	90
Making Friends Out of Your Users with the Friend's Dialog Box	91
Sending More Updates through the Applications and Games Dashboard	92
Knowing Your Audience	93
Chapter 5: Targeting Brands through Facebook Pages	95
Discovering What Facebook Pages Can Do for You	96
Customizing Your Facebook Page	97
Selecting the main image	100
Entering other miscellaneous information	100
Creating a username for your page	101
Integrating Your Own Application into a Facebook Page through Tabs	102
Setting up your custom tab	103
Building on the server	104
Creating a Welcome tab	105
Picking a third-party application	106
Basic Tips Every Page Owner Should Know	106
 Part III: From Fishers to Farmers — Building Facebook on Your Own Site	 111
Chapter 6: Turning Your Web Site into a Facebook Page with Open Graph Protocol and Social Plugins	113
Going the Easy Way with Social Plugins	114
Understanding social plugins	114
Choosing a social plugin	116
The New SEO: Introducing OGP	124
Linking Facebook Users as Admins on Your Web Site	126
Instant Personalization	128
 Chapter 7: Integrating Facebook on Your Web Site through Graph API	 131
Understanding the Fundamentals of Graph API	131
Getting data from just a Web browser	133
CRUD! GET'ing versus POST'ing versus DELETE'ing	136
Objects, fields, and introspection	138
Privacy	141
Setting Up Your Web Site to Use Graph API	143
Setting up your Web site on Facebook	143
Preparing your Web site to use JavaScript	146
Preparing your server to access Facebook using PHP	147
Identifying Your Users	147
Identifying users the more modern way	148
Integrating a Facebook Login button on your site	150

Turning Your Web Site into a Social Experience.....	152
Automating the friendship process with Graph API	157
Tips for building social experiences with Facebook.....	161
Putting It All Together — Integrating Facebook into Your Web Site in Five Minutes	162
Minute 1: Create the login and registration.....	162
Minutes 2 and 3: Detect the user's friends on Facebook and add them as friends on your site.....	163
Minutes 4 and 5: Sort the list of CDs by what the user's friend is sharing and liking on Facebook	164
Putting It All Together.....	165
Chapter 8: Knowing What Information You Have Access To.....	167
Getting the Defaults with Publicly Accessible Information.....	168
Getting More Detailed with Permissions	169
Requesting access via OAuth	171
Knowing what permissions you can request	172
Knowing Which Facebook Users Are on Your Web Site.....	175
Instant Personalization	176
Logging users	177
Creating Scripts to Access Offline Data	177
Part IV: Delving into APIs.....	179
Chapter 9: Understanding OAuth 2.0 — The Basics of Facebook Authentication	181
Adopting Open Standards	181
The frustration of standards in compliance.....	182
The benefits of standards	182
Understanding OAuth	183
Saving yourself from security woes.....	183
Seeing how an OAuth application works	184
Architecting OAuth 2.0	185
Implementing OAuth 2.0 in a Facebook Environment	187
Taking Shortcuts with OAuth Libraries.....	189
Authorizing on Your Web Site or in an iFrame Environment	189
Knowing the Future of OAuth	191
OpenID.....	192
OpenID Connect	192
Chapter 10: Understanding the Essentials — Basic API Calls Every Developer Should Know	193
Working with Objects.....	193
Accessing an object.....	194
Understanding data returned by objects.....	195
Getting more data with tokens.....	196

Accessing Data in Objects	196
Accessing an object's information using JavaScript	197
Accessing an object's information using PHP	198
Selectively Querying Information with Property Selection	199
Using the IDs parameter to select more than one object	199
Using the fields parameter to return only certain fields	201
Using me to return the current user's info	202
Getting an Object's Main Picture	202
Accessing an Object's Connections with Introspection	204
Step 1: Introspecting objects for connections	205
Step 2: Authorizing the user	207
Step 3: Calling the connection URL	207
Step 4: Looping through each connected object	208
Paging through a List of Connected Objects	209
Publishing to Facebook with Graph API	210
POSTing data	211
Using dialog boxes to prompt the user	212
Deleting Objects with Graph API	219
Retrieving Advanced Data with FQL	220
Queries	221
Tables	222
Joining Data with Subqueries	222
Testing Your Queries in the	
JavaScript Test Console	223
Making Queries with JavaScript	224
Combining data sets	225
Chapter 11: Getting Updated with Facebook's Real-Time API	227
Getting into Real-Time APIs	228
Finding the Hubhub about PubsubHubbub	230
Differentiating RSS Cloud	232
Staying Updated via Real-Time Objects on Facebook	233
Creating your callback URL	233
Creating your subscription	234
Setting up the notification processor	236
Chapter 12: Searching with Facebook's Search API	239
Searching with Graph API	240
Knowing what you can search for	240
Understanding the return format of search results	242
Accessing search results from Graph API via code	242
Searching with FQL	243
Working with filters	244
Querying other tables	245
Understanding Facebook Privacy and Facebook Search	246

Chapter 13: Integrating Facebook into a Mobile Experience247

Motivating You with Just a Few Mobile Stats	247
Programming the iOS Facebook SDK	249
Sample project	249
Including the iOS source files in your project.....	251
AppDelegate	252
Running the app	257
Programming the Android Facebook SDK.....	259
Downloading the Facebook Android API	259
Creating your Android project with Facebook API	261
Programming with Facebook, Mobile, and HTML	267
Using the Facebook Places API.....	269

Chapter 14: Testing Your Application271

Facebook's API Test Console	271
Facebook's URL Linter	273
Creating Test Accounts	275
First approach: Manually creating test accounts	275
Second approach: Creating automated test accounts	277
Getting the list of test accounts for your application	280
Friending your test accounts	280
Deleting test accounts.....	282
Test account restrictions.....	282

Part V: Turning Your Facebook Application into a Legitimate Business..... 283**Chapter 15: Helping Your Business and Brand Benefit from Facebook285**

Measuring Data with Facebook Insights	285
Accessing Facebook Insights for your site	288
Integrating Facebook Insights into your site.....	299
Discovering What People Are Sharing on Your Site.....	301
Targeting Your Creations with Facebook Advertising.....	303
Creating your ad	306
Filling out a sample ad	309
Tips for good advertising on Facebook	311
Selling Your Creations with Facebook Credits	312
Building Credits into your application.....	313
Understanding the rules surrounding Credits	318
Getting People to Your Stores and Venues with Facebook Places	319
Using Facebook Deals.....	319
Building strategies for using Places with Graph API.....	322
Tips for using Facebook Places.....	322

Chapter 16: Preparing for the Worst: What Every Facebook Application Developer Should Know 325

Preparing for API Changes	326
Building an idea that withstands change.....	326
Designing and constructing for change	327
Following Facebook's road map	328
Enabling updates with migrations	328
Dealing with Rate Limits	329
Rules! Rules! Rules! — Knowing Facebook's Terms of Service	329
Understanding Facebook's principles.....	329
Understanding core policies	330
Improving Site Performance.....	332

Part VI: The Part of Tens..... 335

Chapter 17: Ten Successful Facebook Applications 337

JibJab	337
HuffingtonPost	339
Pandora.....	341
Digg.com	342
FamilyLink	344
JumpStart.....	346
Cinch	348
SocialToo	349
Quora	351
Instagram	353

Chapter 18: Top Ten Facebook Application Development Resources 355

Facebook's Developer Forum	355
Facebook Application Development For Dummies — the Facebook Group	358
Facebook Application Development For Dummies — the Facebook Page	360
Contacting Facebook.....	362
Facebook Developer Documentation	363
StayNAlive.com.....	363
MariSmith.com.....	364
InsideNetwork and InsideFacebook.com.....	365
AllFacebook.com	366
Facebook Blogs.....	368

Index..... 371
